

# Dürr Systems GmbH

(Business unit: Application technology)

**President:** Dr. Hans Schumacher

**Headquarters:**

Carl-Benz-Straße 34  
74321 Bietigheim-Bissingen  
GERMANY

**E-mail:** [durr.apt@durr.com](mailto:durr.apt@durr.com)

**Web site:** <http://www.durr.com/>

**Phone:** +49 7142 78-0

**Fax :** +49 7142 78-2107

**Manufacturing facilities:** 1

**Number of employees:** 1049

**Units in service:** more than 4000

**Regional offices:**

Brazil, China, Germany, France, Great Britain, India, Italy, Japan, Korea, Mexico, Russia, Sweden, Spain, South Africa, Turkey, USA

**Applications:**

Systems and software for automated paint application (e.g. painting, handling and sealing robots, atomizers, color-change systems)

**Industries served:**

Automotive, Tier 1 and general industry

**Back ground/additional info:**

Dürr painting robots are used in robot painting stations for automatic surface coating of bodies and built-on parts in production line painting. In the high-tech sector of automated paint application, the Application Technology business unit of Dürr is the market and technology leader.

The Dürr Group is a supplier of plant and equipment that commands leading global market positions in its areas of activity. Business with the automotive industry accounts for about 85% of its sales. Dürr also supplies innovative manufacturing and environmental technologies for the aircraft, mechanical engineering, chemical and pharmaceutical industries. The Dürr Group operates in the market through two divisions. The Paint and Assembly Systems division supplies production and painting technologies, mainly for automotive body & chassis manufacturing. The equipment and systems supplied by the Measuring and Process Systems division are used, among other things, for engine and transmission production and for final vehicle assembly. Dürr is present in 45 locations in 20 countries around the world. The group achieved sales of € 1.6 billion with approximately 6,100 employees in 2008.
